STATEMENT OF OBJECTS AND REASONS

Under the existing law the Collector of a district should hold Patni sales personally on every occasion and if he is rendered unable to do so under emergent circumstances the sales must be held up—a position which is extremely unsatisfactory In order to get over this unsatisfactory position with regard to the holding of Patni sales it is necessary to amend the Bengal Rent Recovery (Under tenures) Act 1865 so as to empower any officer other than the Collector whom the Provincial Government may by notification appoint to exercise the functions of a Collector under that Act

STATEMENT OF OBJECTS AND REASONS

1 The object of the Bill is to make necessary amendment of a formal nature in certain enactments and to repeal certain spent useless or unnecessary matter in the Statute Book The Bill has been confined rigidly and exclusively to alterations which are entirely free from controversy Anything doubtful has been left unchanged

2 The Bill contains proposals for the repeal of a large number of enactments including Acts Regulations sections of Acts or Regulations which were passed to make textual alteration in previous enactments A few other enactments have been also proposed for repeal which are either themselves repeals or are enactments the effect of which is spent

3 The Bill does not include for repeal any Act or Regulation passed later than the close of the year 1940 Thus no enactment is to be repealed unless it has been in existence for more than three years During this period publication of the enactment in the volume of the Statutes of the year to which it relates has been secured its existence has had ample time to be appreciated and there has been full opportunity for any modifications introduced by it in previous Acts to be noted and incorporated in their proper places

4 Clause 4 of the Bill contains the precautionary provisions which it is usual to include in all Bills of this kind

5 The reasons for each amendment or repeal proposed are explained opposite such amendment or repeal in the remarks column (which does not form part of the Bill)

STATEMENT OF OBJECTS AND REASONS

The electoral law as it stands imposes no penalty or disqualification upon candidates who themselves or through the agency of other persons seek to obtain the services of Government officers in furtherance of their private interests in election campaigns. This defect in the law is likely to lead to a gross and dangerous form of corruption in public life. The object of the Bill is to remove this defect.

Clauses 3 and 4 provide that a candidate or his agent or any other person acting with the connivance of either found guilty of obtaining or procuring or abetting or attempting to obtain or procure the services of any servant of the Crown for such a purpose as aforesaid will be disqualified for membership of and for voting at an election to the Bengal Legislative Assembly or the Bengal Legislative Council for six years. It excludes from its operation third parties acting without the connivance of a candidate or his agent. It also excludes from its protection officers or servants of local authorities.

NOTICE

No. 875P.—8th February 1945.—Applications are invited for admission to the Prince of Wales's Royal Indian Military College, Dehra Dun, from persons wishing to take preliminary training for a career in the Indian Army, Indian Air Force or Royal Indian Navy.

2. The next summer term of the College will commence from the 1st August 1945. For admission to this term a candidate must have attained the age of 11 years and be under 12 years on the 1st August 1945. This rule may be relaxed by His Excellency the Commander-in-Chief in the case of any boy under 11 years of age provided he has reached a standard of education which will enable him to take a place in the College appropriate to a boy of his age. The privilege will however be allowed in special cases only. Only Indian and Anglo-Indian unmarried boys who are natives of or domiciled in Bengal are eligible. The fees are Rs. 1,000 per annum, which are payable in two equal instalments of Rs. 500 each, one at the beginning of each term. Applications are to be made in prescribed form to the Secretary to the Government of Bengal, Home Department, Writers' Buildings, Calcutta, not later than the 30th April 1945. Forms will be available from that office on request.

Detailed particulars are available from the Regulations for the Prince of Wales' Royal Indian Military College, Dehra Dun, copies of which can be had on payment from the Manager of Publications, Delhi.

4. The Government of Bengal propose to offer two scholarships each of Rs. 1,000 per annum and tenable for six years to candidates who are admitted into the Prince of Wales' Royal Indian Military College and whose parent and guardian cannot afford to meet the entire cost of maintaining the candidate at the College. The entire cost of education and stay at the College is estimated at about Rs. 2,000 per annum including the College fees.

Half of the amount but not exceeding Rs. 1,000 will be borne by the Provincial Government by way of scholarship and the other half will have to be borne by the parent or guardian. STATEMENT OF OBJECTS AND REASONS

Government have considered the Report of the Non agricultural Land Enquiry Committee and are of the opinion that notwithstanding the provisions of the Transfer of Property Act 1882 the non agricultural tenants who hold lands under a lease for residential business manu facturing or other purposes are in need of better security It is obvious however that the degree of protection cannot be the same for all classes of tenants and it has been considered necessary to make a distinction between tenancies which are

(1) of unknown origin or which originated from before the Transfer of Property Act 1882

(2) held under a written lease for a specified period of not less than twelve years

(3) held under a written lease but without specification of any period or without a written lease but originating from after the Transfer of Property Act 1882 in either case the period of possession not being less than twelve years

(4) held under a written lease or otherwise for a period of more than one year but less than twelve years

It is proposed to confer permanent heritable and transferable rights on all tenants coming under (1) Lessees under (2) should have a right of renewal on fair and equitable terms but in case the lessor has allowed a *pucca* structure to be constructed on the land the tenant should have the status of a permanent lessee irrespective of the period of occupation Lessees under (3) should have a permanent heritable right All holdings coming under (2) and (3) should be transferable on payment of a landlords transfer fee A perversion of user or a breach of condition of the contract should be the only grounds on which a tenant under (1) (2) or (3) can be evicted In case of tenants under (4) provision has been made for payment of compensation under certain circumstances in case of eviction It is also proposed to provide for conversion of agricultural holdings within municipal areas into non agricultural holdings

The Bill has been drafted to provide for these protective rights and also to confer other incidental but necessary rights on the non agricultural tenants of the different classes

A

BILL

further to amend the Bengal Tenancy Act 1885

WHEREAS it is expedient further to amend the Bengal Tenancy Act 1885 for the purposes and in the manner hereinafter appearing VIII of 1885

It is hereby enacted as follows —

Short title

1 This Act may be called the Bengal Tenancy (Amendment) Act 1945

Substitution of new section for section 49K of Act VIII of 1885

2 For section 49K of the Bengal Tenancy Act 1885 (herein after referred to as the said Act) the following section shall be substituted namely —

Restriction on the sale of tenant's rights under order of Court

49K (*1*) Notwithstanding anything contained in this Act no decree or order shall be passed by any Court for the sale of the right of an aboriginal tenure holder *raiyat* or under *raiyat* in his tenure or holding or in any portion thereof nor shall any such right be sold in execution of any decree or order

Provided that any tenure or holding belonging to an aboriginal may be sold in accordance with the provisions of sub section (*2*) in execution of a decree of a competent Court to recover an arrear of rent which has accrued in respect of the tenure or holding

(*2*) When a decree for an arrear of rent which accrued in respect of a tenure or holding of an aboriginal tenant has been passed such decree shall be executable solely by the Collector and the Court shall on application made in this behalf by the decree holder send the decree to the Collector for execution and the Collector in execution of the said decree may in his discretion —

(*a*) sell the said tenure or holding or

(*b*) eject the said aboriginal tenant and settle the said tenure or holding or a portion thereof with another aboriginal tenant on payment of the decretal amount by such other aboriginal tenant or

(*c*) place the landlord in possession of the said tenure or holding or a portion thereof for a period not exceeding seven years

and if the Collector in executing a decree under this sub section —

(*i*) sells the said tenure or holding he shall subject to the provisions of sub section (*3*) follow the procedure applicable to sales of land by a Civil Court in execution of decrees for arrears of rent

(*ii*) places the landlord in possession of the said tenure or holding or any portion thereof for any period the decree shall at the end of such period be deemed to have been satisfied in full and the Collector may then restore the said tenure or holding or portion to the aboriginal tenure holder *raiyat* or under *raiyat* as the case may be against whom the said decree was

The Bengal Tenancy (Amendment) Bill, 1945

(Clauses 3, 4)

executed or to the successor in interest of such tenure holder *raiyat* or under *raiyat* or may settle it with another aboriginal

Provided that no portion of a tenure or holding shall be sold or settled by the Collector under this sub section if such sale or settlement would result in bringing the rent for such portion below two rupees in the case of a tenure or one rupee in the case of a holding

(3)(*a*) Before issuing a proclamation for the sale of any tenure or holding in execution of a decree referred to in sub section (2) the Collector shall after hearing the decree holder and the judgment debtor divide the tenure or holding into such number of smaller areas to be specified as lots as the Collector thinks fit for the purpose of being sold separately and shall specify the lots in the proclamation

(*b*) when any tenure or holding has been advertised for sale by the issue of a proclamation referred to in clause (*a*) each lot specified in the proclamation shall be put up to auction separately and as soon as the total amount of the bid reaches a sum sufficient to liquidate the amount of the decree and costs including the costs of sale the sale shall be stopped and no further lots shall be knocked down and if even after all the lots have been separately put up to auction the total amount of the bid does not reach a sum sufficient to liquidate the amount of the decree and costs as aforesaid all the lots shall be put up to auction together

(4) Before restoring or settling a tenure or holding under sub section (2) the Collector may if he is satisfied that the rent of the tenure or holding has been illegally enhanced or is substantially in excess of the rent payable by tenants of the same class for lands of the same description with similar advantages in the vicinity pass an order altering the amount of the rent of the tenure or holding to an amount which he considers to be fair

(5) Notwithstanding anything contained in this Act, where a portion of a tenure or holding is sold or settled under sub section (2) —

(*a*) the Collector shall before confirming the sale or making the settlement distribute the rent of the tenure or holding over such portion and the remaining portion or portions of the tenure or holding and in making such distribution the Collector shall follow as far as may be the procedure laid down in section 88 and

(*b*) the division of the said tenure or holding consequent upon such sale or settlement and the distribution of the rent of such tenure or holding made under clause (*a*) shall subject to the provisions of section 49M, be binding on the tenants and the landlord concerned

(6) Nothing in this section shall affect —

(*a*) any right to execute a decree for the sale of any such tenure or holding or the terms or conditions of any *bona fide* contract relating thereto if such decree was passed or such contract was registered—

(i) in the case of Sonthals of the districts of Birbhum Bankura and Midnapore before the 1st November 1916 and

(ii) in the case of other castes and tribes to which this chapter has been applied at least one year before the date of the publication of the notification under sub section (2) of section 49A in respect of such castes or tribes or

(*b*) any right for the sale of any such tenure or holding for the recovery of any dues which are recoverable as public demands

Amendment of section 49L

3 In section 49L of the said Act after the words such tenancy or portion thereof the words other than a decree to recover an arrear of rent which has accrued in respect of such tenancy shall be inserted

Amendment of section 49M

4 In section 49M of the said Act, for the word, figures and letter or 49J the word, figures and letters "49J or 49K" shall be substituted

STATEMENT OF OBJECTS AND REASONS

Under the existing provisions of the Bengal Tenancy Act 1885 only the entire tenure or holding of an aboriginal tenant can be sold in execution of a decree for arrears of rent Such provisions are inequitable inasmuch as the tenant thereby loses his entire tenure or holding which is the very means of his subsistence although its value may be out of all proportion to the decretal amount It is therefore considered necessary that the Act should be amended so as to make the following provisions on the lines of the Bihar Tenancy Act –

(*1*) that a portion of a tenure or holding of an aboriginal tenant may be sold in execution of a rent decree and

(*2*) that in execution of a rent decree the Collector may in the alternative eject the aboriginal tenant from his tenure or holding or a portion thereof and settle it with another aboriginal tenant on payment of the decretal amount or put the landlord in possession thereof for a period not exceeding seven years and restore the land on the termination of that period to the original tenant or settle it with another aboriginal tenant

The Bill has been framed with this object in view

(b) for the proviso to clause (b) the following proviso shall be substituted namely —

"Provided that any allowance made in respect of low producing areas which has already been included in determining the cardinal crop basis of the estate shall be deducted

STATEMENT OF OBJECTS AND REASONS

The provisos to clauses (a) and (b) of paragraph 1 of the Schedule to the Indian Tea Control Act 1938 as they are worded at present provide that any 'young area' or 'low producing area in respect of which an allowance has been included in the cardinal crop basis (*i e* the highest crop basis assigned in any one of the years 1940-41 to 1942-43) of the estate shall be excluded in computing allowances to be added to it These provisions are defective inasmuch as they exclude young area or low producing area in respect of which allowances have been made in determining the cardinal crop basis from receiving any further benefit even if ordinarily admissible and render ineffective the benefits contemplated by rule 4(b) of the Indian Tea Control Rules 1930 the proviso to which has been amended recently to have the effect of increasing the allowances of some young areas planted between 1st April 1938 and 31st March 1941 It is therefore proposed to amend suitably the provisos to clauses (a) and (b) of paragraph 1 of the Schedule to the Indian Tea Control Act 1938

Third and Final Forecast of Winter Rice Crop of Bengal, 1944-45

(*Note*.—On an average of the five years ending 1942-43 the area under winter rice in Bengal has represented some 20·8 per cent of the total area under rice in India.)

Character of the season.—Since the issue of the second forecast in December last the weather has not been quite favourable. Some damage has been caused by drought and insect pests.

Acreage.—According to the District Officers' estimates the total area under winter rice this year is 18,591,900 acres as against 18,176,700 acres of last year. The increase in area this year as compared with that of last year and of the normal is due to the high prices of rice prevailing at the time of sowing.

Outturn.—From the summary of the district returns appended it will be seen that one district reports a bumper crop, one district normal outturn of 100 per cent, thirteen districts from 80 to 90 per cent, ten districts from 70 to 79 per cent and the remaining two below 70 per cent of the normal crop.

The provincial outturn is estimated this year at 80 per cent of the normal as against 103 per cent of the normal last year.

Accepting 80 per cent as the provincial outturn the gross yield of the crop on the basis of the normal yield of 12 2/5 maunds of clean rice per acre is estimated at 6,775,000 tons this year as against 8,528,100 tons of last year. The decrease is mainly due to unfavourable weather conditions from the time of sowing till the time of harvesting.

Saphal Svapna [Successful dreams]—A Bengali rendering of a novel entitled And Then the Harvest by a modern Russian writer named Isodore Panferov which gives a picture of the economic and social endeavours of the early stages of the Soviet regime The story is spun round the life of a couple and incidentally points out that the Soviet system has revolutionised social life by emancipating people from the old social ideals which are alleged to have weighed heavily upon humanity and to have been the source of many evils and has brought about a freedom for human beings which was hitherto denied to them Translated by Girin Chakrabarti Published by the translator 72 Harrison Road Calcutta (28 6 1943) Pages 9+156 Double Crown 16mo 1st edition (F) Rs 2 0 0 Copies 550

PART IV A—Bills introduced in the Bengal Legislative Assembly Reports of Select Committees presented or to be presented to that Assembly and Bills published before introduction in tha Assembly

BENGAL LEGISLATIVE ASSEMBLY DEPARTMENT

NOTIFICATION

No 51SI A 10th March 1944 The following report of the Select Committee on the Bengal Private Forests Bill 1941 with the Bill mledy ing amendments recommended by the Committee is hereby published for general information

THE REPORT OF THE SELECT COMMITTEE ON THE BENGAL PRIVATE FORESTS BILL, 1944

We the members of the Select Committee to which the Bengal Private Forests Bill 1944 was referred by a motion carried in the Bengal Legislative Assembly on December 19 1941 have the honour to submit this our final report with the Bill embodying amendments recommended by us Matters recommended to be omitted by us have been printed in *italics* and included in square brackets and new matters recommended by us to be inserted have been underlined

The Committee met for the first time on January 8 1943 and thereafter from time to time till January 26 1943 when they concluded their deliberations and came to a final decision

The Bill was published in an *extraordinary issue* of the *Calcutta Gazette* dated November 18, 1944 before introduction and we do not consider it to have been so altered by our recommendations as to require republication

The reasons for the changes suggested in the Bill apart from those of a purely drafting or consequential nature are as follow —

Clause 2

Sub-clause (1) – We have revised the definition of Appellate Committee to provide that an Appellate Committee shall be appointed in respect of a notified area and that the Chairman of such Committee shall be a Revenue Officer not below the rank of a Collector

Sub-clause (8) (a) (ii) – We have included wild animal etc within forest produce whether found in or brought from a forest or not

Sub-clause (9) —We have revised the definition of Forest Settlement Officer to make it more comprehensive

Sub-clause (12).—We have enlarged the scope of the definition of owner to include a mortgagee in possession a lessee a common manager a receiver and a trustee

Sub-clause (21) —Changes made in this sub clause are of drafting nature

Clause 3

We have split up this clause into two clauses viz clauses 3 and 3A We consider that a working plan which involves highly technical matters should not be left to the Regional Forest Officer alone for preparation or modification We have therefore provided that the Regional Forest Officer shall prepare or accept such plan after consultation with the Conservator of Forests of the forest circle within which the forest is situated We have further provided that such consultation shall be made in the manner prescribed by rules for it might be necessary to consult other departmental experts before the settlement of the working plan which may be provided for in the rules We have also provided for a revision of the order of the Appellate Committee by the Board of Revenue both in respect of working plans approved by the Appellate Committee and approved working plans modified by that Committee after expiry of five years on the application of the owner We consider that power should also be reserved to the Regional Forest Officer for the modification of an approved working plan within the period of five years from the date of approval with the previous sanction of the Provincial Government and we have made necessary provisions for that

Clause 4

Changes made in this clause are consequential

Clause 5.

Sub-clause (1).—We consider that no prosecution under this sub clause for failure or neglect of the owner to carry out the terms and conditions of the working plan should be instituted without giving the owner a reasonable opportunity to carry them out and we have accordingly proposed the addition of a proviso to this sub clause to that effect

Clause 6

Changes made in this clause are consequential

Clause 7

Sub-clause (1) —We think provision should also be made in this sub clause for the grant of loans to owners of controlled forests to enable such an owner to make payment of any compensation for extinction or modification of rights in a controlled forest and we have accordingly made necessary provisions in this sub clause

Sub-clause (4).—We consider that the recovery of loans granted under this clause should be made only out of the controlled or vested forest to the owner of which the loan was advanced and we have modified sub clause (*4*) accordingly

Clause 8

Sub-clauses (1) and (2) — We have also provided for consultation with the Conservator of Forests in the manner to be prescribed in the rules before the Regional Forest Officer takes action to secure the conservation of two or more forests belonging to different owners that is amalgamation of two or more vested forests under one working plan

Sub-clause (4) —We have also provided for a revision of the order passed under the preceding sub clauses by the Board of Revenue

Clause 9

Sub-clause (9) —We have provided for consultation with the Conservator of Forests in the manner to be prescribed by rules before the Regional Forest Officer settles a working plan under this sub clause

Sub-clause (10) —We have suggested certain drafting changes in this sub clause

Clause 10

Sub-clause (1) —We think waste lands lying uncultivated for three years should be considered suitable for afforestation and we have therefore altered ten years to three years We have excluded from afforestation any waste land used by the owner for the purpose of horticulture We have also provided that the Provincial Government shall not issue notification under this sub-clause without considering whether or not the land can be more advantageously used for purposes of agriculture or horticulture than for purposes of afforestation

Sub-clause (3).—We think the profits resulting from afforestation of lands after expenses have been recouped should be divided in equal shares between the Provincial Government and the owner of the land and we have modified this sub clause accordingly

Clause 15

Changes suggested in this clause are consequential upon the changes made in sub-clause (*2*) of clause 24

Clause 17

Changes suggested in this clause are of drafting nature

Clause 21

Sub-clause (1) —We have provided in this sub clause that proclamation should also be issued in local vernacular

Clause 24

Sub-clause (2) —We have provided for the payment of compensation in respect of rights in relation to a controlled forest by the owner of such forest and in respect of rights in relation to a vested forest by the Regional Forest Officer and have also provided that the payment so made by the Regional Forest Officer shall be recouped from the profits of the vested forest as part of the cost of management

Clause 25

We have provided for the revision of the orders of the Commissioner by the Board of Revenue

Clauses 26 and 27

Changes made in these clauses are consequential

Clause 29

Sub-clause (1) —We have provided that due enquiry should be made before imposition of collective fine on the inhabitants of any local area specifying the reasons for imposition of such collective fine

Clause 30

We think the permission referred to in sub clause ( ) of this clause should be granted by the authorised agent of the owner instead of the agent We have made provision for it accordingly

Clause 50

Sub-clause (3) —We do not consider it necessary to restrict the scope of this sub clause by specifying any limit with regard to the salary drawn by the Forest Officer and the reference to salary has accordingly been omitted

Clause 53

We have extended the scope of this clause by replacing that purpose by the purposes of this Act

Clause 56

Power to make rule by the Provincial Government has been extended to controlled forests Other changes made in this clause are of consequential nature

Clause 58

We have slightly amended this clause to make it clear that after a direction is issued under this clause the private forest or waste land shall be managed by a Regional Forest Officer specified by the Provincial Government on behalf of the owner or owner of such forest or land

Joint Minute of Dissent by Mr Iswar Chandra Mal, M L A, and Mr Giasuddin Ahmed, M L A

We give our signature to the draft Bill considered by the Select Committee with the following notes of dissent and we reserve the right of moving amendments when presented in the Assembly —

Clause 5 —The owner of any private forest should not be penalised with fine if he fails to act according to the terms and conditions of the working plan Government should spend money to give effect to the terms and conditions of the working plan and the money spent will be realised from the owner of the forest This will be repeated twice After two such failures the forest may be taken over and vested in the Regional Forest Officer by notification for the time specified in the notification The Bill in this form should be circulated for public opinion

Minute of Dissent by Maharaja Bhupendra Chandra Singha of Susang, M L A

The Bill and its amendments have been drawn up more or less in the line drafted by the West Bengal Forest Committee of 1938 In spite of the amendments made in the body of the Bill the remark made by the Hon'ble Mr Harendra Nath Roy Chowdhury in his note of dissent the Bill appended to our Report closely resemble one of the harshest of the Legislative measures adopted by the European states to deal with their private forests may be justly applicable to the one that is before us The Bill as amended should be given out for circulation for public opinion In my opinion there cannot be any hurry in the matter of passing a legislative measure as proposed, particularly when Nation Building schemes with wider possibilities are being forged for meeting the requirements of the New World that is soon emerging after the successful termination of the War

*Signed subject to a minute of dissent annexed

As the Forest Act is already there the existing forests may be prevented from destruction As to aforestation scheme as it has waited so long shall not undergo any drastic change if it waits for a couple of years more particularly when there is a chance of the matter receiving a more comprehensive attention Forests may be destroyed over night but forests cannot be grown in a day hence a couple of years delay is negligible For helping any present or future plan a Forest Advisory Board (consisting of Forest Expert Revenue Expert and Landholders) to be reconstituted every 5 years may be immediately formed and that may function as a permanent body—to act as permanent Appellate body if necessary in any future scheme and also to give advice to the Government in all matters connected with the Forests of Bengal

Coming to the Bill as it stands after the proposed amendments—I should like to remark that the private forest owners should not be penalised with fines as the provision for the inclusion of the private forests under the category of vested Forests should keep every owner of controlled private forests wide awake In case of negligence a warning for the second time should prove to be more than a corrective Private forest owners should be given greater encouragements for spontaneously taking more interest in the proper preservation of Forests Constructive legislations should attract people to co operate with the administration in achieving the ends of legislative measures and should not provoke non co operation The Forest Bill should get the greatest amount of public opinion in its support to make it successful

The Bill does not propose to give proper consideration to the sentiments of the private owners but seems to attach more importance to the cause of vested forests This may be justified only when after the functioning of a sound afforestation scheme the reaction of the private owners prove to be hostile

The problem of maintaining small forests in rural areas has not received the attention that it deserves It is impossible to maintain administrative control in widely divergent rural areas hence smaller forest should be given protection by the owners for whom in particular more encouraging measures are necessary

I quite agree that protective measures for forest and afforestation schemes have been delayed too long But when there is a scope for the matter receiving in no distant date a more comprehensive attention of experts the Bill as amended may be now given out for circulation of opinion This will only help the future constructive plan

Amendment of section 140

6 In clause (*m*) of sub section (*2*) of section 140 of the said Act after the word powers the words and duties shall be inserted

STATEMENT OF OBJECTS AND REASONS

Government have been advised that sections 86 87 and 134 read with the Fourth Schedule to the Bengal Co operative Societies Act 1940 dealing with the filing and settlement of disputes and filing of appeals respectively impose certain duties upon the Registrar but do not confer any power upon him Section 10 of the Act refers only to powers and does not refer to the duties entrusted to the Registrar by or under the Act Therefore under the existing provision of the Act the duties entrusted to the Registrar under sections 86 87 and 134 read with the Fourth Schedule cannot be imposed upon an Assistant Registrar under section 10 (*a*) of the Act It is quite impossible for the Registrar to deal with large number of disputes and appeals single handed With a view to removing this difficulty it is proposed to amend clause (*r*) of section 2 and section 10 and to make some other consequential changes in the Act

In view of the provisions of section 7 (*2*) (*j*) of the Payment of Wages Act 1936 read with section 24 thereof section 51 of the Bengal Co operative Societies Act 1940 is *ultra vires* so far as persons employed upon Federal Railways or in mines or oil fields are concerned It is therefore proposed to exclude these persons from the scope of section 51

A printing error has also been rectified in section 56

Report of the Select Committee on the Bengal Suppression of Immoral Traffic (Amendment) Bill, 1940

(As introduced in the Bengal Legislative Council by Mr Nur Ahmed M L C)

We the members of the Select Committee to which the Bengal Suppression of Immoral Traffic (Amendment) Bill 1940 was referred by a motion carried in the Council on the 12th May 1944 have the honour to submit this our Final Report with the Bill embodying amendments recommended by us Matters recommended by us to be omitted have been printed in italics and enclosed in square brackets and all new matters recommended by us to be inserted have been underlined

2 The Committee met for the first time on the 15th May 1944 and concluded their sitting on the 5th December 1944

3 The Bill has not been altered by our recommendation to an extent requiring republication

4 The Bill was published after introduction in the *Calcutta Gazette* of the 10th April 1941 under rule 51 of the Bengal Legislative Council Procedure Rules

5 The changes made by us are detailed below —

Preamble — We have made some changes in the Preamble

Short Title —We have changed the year in the Title of the Bill and have numbered it as clause 1

Clause 1 —We have redrafted this clause and renumbered it as clause 1B We have added the new clause 1A in which we have made provisions for amending the long title of the Bengal Suppression of Immoral Traffic Act 1933 This is necessary being consequential upon the change in the Preamble of the Act as proposed in clause 1 of the Bill

Clause 2 —We have made only some drafting changes in clause 2

We have inserted the new clause 2A as we think it desirable that the power to order the discontinuance of houses rooms, places as brothels etc , exercisable under clause (*c*)of sub section (*1*) of section 6 of the Act in the case of only the main thoroughfares notified as such under the said clause should be made

exercisable also in case of other areas to be notified under this clause where such exercise of these powers is thought necessary

Clause 3 —We have omitted this clause as we think that giving the Corporation of Calcutta and the Municipalities the powers of removing persons as proposed in this clause without making proper provision for the accommodation of such persons which it is now difficult to make may give rise to various difficulties

(1) Mr Moazzem Ali Chowdhury and (2) Mr Barkin Chandra Dutta

Minute of Dissent by Mr Bankim Chandra Mukerjee, M L C

I sign this subject to proposing amendments to the provisions as now recommended which I consider essentially necessary

---

Minute of Dissent by Alhadj Khan Bahadur Shaikh Mohammad Jan, M L C

Clause 3 —I differ from the view of the honourable members of the Select Committee in respect of omission of clause 3 from the Bill as without giving ample powers to the Corporation of Calcutta or the Municipalities to move suspected persons from the particular locality there cannot be any improvement in the present standard of the people of this Province who enjoy all sort of facilities in their immoral life

ORDER

No 824L S-G —10th March 1945 —Defects in the administration of the Janai union board in police-station Chanditola district Hooghly have engaged the attention of the authorities concerned for sometime It has been brought to my notice that (*1*) the financial condition of this Board is extremely unsatisfactory (*2*) a large sum of money on account of union rates always remains in arrear and has now become time barred and subsequently has to be written off (*3*) there has been a gradual deterioration in the collection of the union rate and in spite of repeated instruction no efforts have been made for the realisation of the current demand and (*4*) the administration of the board is mainly run by one or two members who are extremely unpopular in the locality In view of the above circumstances the Subdivisional Officer Serampore and the district board and Additional District Magistrate Hooghly agree that the supersession of the union board is essential

After careful consideration I have come to the conclusion that the Janai union board has persistently made default in the performance of its duties and has proved itself incompetent to conduct the administration of the board It has been treated for sometime past with great patience but has deliberately neglected its duties I am therefore forced to decide that temporary supersession is necessary in the interest of the rate payers

In the circumstances I with the approval of the local Government declare by this order issued under section 56(*1*)(*b*) of the Bengal Village Self Government Act of 1919 that the Janai union board is incompetent to perform and persistently makes default in the performance of the duties imposed upon it and I direct that it be superseded for a period of six months with effect from the 1st April 1945

In exercise of the power conferred by section 56(*1*)(*b*) of the Bengal Village Self Government Act 1919 I direct that all the powers and duties of the union board shall during the period of supersession be exercised and performed by the Sub Registrar Janai and that all properties vested in the union board shall during that period be vested in him according to section 57(*1*)(*c*) *ibid* and he shall be responsible for their safe custody during the period of supersession

Second Forecast of the Spring Oilseed Crops, 1944-45

(*Note*.—On an average of the five years ending 1942-43 the area under linseed in Bengal has represented some 4 per cent and that of rape and mustard some 12·4 per cent of the total area under these crops in India.)

Character of the season.—Since the submission of the first forecast the weather and its effect on the growth of the crops have not been quite favourable. Showers in the first part of January however proved beneficial to the crops.

Area sown.—Spring oilseeds are chiefly grown in Dacca, Rajshahi and Presidency Divisions. In the other two Divisions cultivation of the same is not so extensive. The total area under these crops (excluding cotton for which separate forecasts are issued) is estimated at 1,009,700 acres this year as against 1,007,600 and 1,018,800 acres in the corresponding and the final forecasts respectively of last year. The decrease in area is reported to be due to unfavourable weather conditions at the time of sowing.

Outturn.—From the District Officers' estimates the average outturn of different oilseed crops for the province works out to 70 per cent of the normal as against 71 per cent reported in both the corresponding and the final forecasts of last year.

N. M. KHAN,
Director of Agriculture, Bengal.
